Date _____

Electronic Rent Payment Service

We are pleased to offer our residents the ability to pay your rent electronically from your checking or savings account. This hugely convenient program saves you tons of time and helps you avoid late payment fees as long as adequate funds are in your account on the 2nd of each month because your bank will automatically send us the amount of money you authorize on the 2nd.

No more remembering to mail your rent check in or wondering if we got it. It's all done for you. Just complete the form below and we take care of the rest. Please allow 2 weeks for any changes that you request to take effect. Also, if there are not adequate funds in your account you will still be assessed our regular late payment and/or returned check fee so it is very important that you manage your account the same as if you were sending a check.

I authorize the Kramer/Saxl Group, LLC to initiate electronic debits to my ____ checking (or) ____ savings account for the payment of my rent.

I acknowledge that the origination of ACH (electronic payments) transactions to my account must comply with the provisions of US law. This authority will remain in effect until I cancel or change it in writing and I understand that I must give at least 2 weeks' notice for any changes.

Today's Date _____ Month this should be started _____
